

# Calling for cooperation!

## TRANSMISSION TOWER of New Energy in Harz

Horst Lischke

Seminarzentrum „Neue Erde“

**Dear friends, known and unknown  
Light Workers – and those who  
want to become.  
Dear humans of the Earth!**

We want to invite all of you reading this, to join us and be part of the conscious change in the world. It is not about founding a new organisation or a religious community, but rather about uniting all forces that intend to serve Mother Earth and all of her life forms and to create a network.

The upcoming changes need to be supported by a lot of people from different places of the world. With a unified mind, we can unite our forces and focus and create a higher developed society, that is based on the equality of all living beings.

A lot of humans including Light Workers, see the great prophecies about the upcoming change in different ways. But they all believe that special circumstances are needed to make ascension come true.

The consciousness of inner peace, Light, Love and the will to take part in the positive changes are necessary conditions.

If these qualities appear more, the old structures, which are based on oppression and monopolizing power, will disappear.

This way, the “giving up of the weapons“ will be a huge liberation for most of the dark side. They will remember who they actually are and join us. The time of fighting is over.

We can influence the balance of future events. The support of the universe is certain.

With the knowledge of the bold visions about the New Earth and the simple laws of co-creation, some of the Light Workers from the Harz region and their friends brought the Transmission Tower of New Energy in Harz to life on May 5<sup>th</sup> 2015 in the Anglecafé in Clausthal- Zellerfeld (Germany).

**What is the Transmission Tower and  
how does it work?**

The Transmission Tower, is a formed structure of consciousness:

It is a lighthouse of peace. Inside it operates a pyramid of light. Right in the center, the heart of unconditional love is beating. The energy of positive change radiates from it.

Yes, our Transmission Tower works so simple because we told it to do so. Consciousness has no limits.

It is active and transmitting day and night – always! Even if we don't think of it.

Our souls and their higher aspects keep it running – nonstop!

The transmitter is radiating in its own frequency and cannot be disturbed by anything.

### **Piggyback**

To intensify the process, we decided to use technical equipment and transmissional facilities that are already existing. This includes all satellites, telecommunicational equipment, mobile networks, radio frequencies, tv stations, energy lines, ground wires etc. In short, all frequencies and wire networks that are spread all over the world.

Piggybacking those standing frequencies and wire networks we put our frequency of the Transmission Tower of New Energy in Harz. At the same time, this reduces and weakens the dangerous radiation and impacts of those facilities.

You could say that we lay the matrix of the New Energy over the matrix of the old energy.

We are determined that this grid is open for every human being, every woman, every man and every child. You just have to take part in it. The decision to become a co-worker of the transmitter makes you a co-worker.

Its radiating power multiplies with everyone who joins it.

You can work "behind closed doors".

But if you are brave enough, we would like to ask you to spread the information to as many people as possible.

### Networking

Our grid connects on its own with the matrix of similar streams of consciousness, that come from solitary people or groups, who serve the light in their own ways. Forms don't matter. It is the intention that unites us.

### Summary

The Transmission Tower is sending the frequencies of peace, light, love and the energy of positive changes at day and night. Because it has no physical form, it can be neither destroyed nor turned off. It sends forever.

Everyone who decided to be part of the transmitter in his mind, is part of it and sends those frequencies from themselves unremittingly. The soul and its higher aspects are able to do so and also to do much more.

Our sending has not bounds in time or space. It works multidimensional and can be received in every place, at everytime on earth, inside the earth, around the earth and in the whole universe.

The transmitter uses technical structures and their frequencies and wire lines which already exist to multiply its transmission shafts. At the same time, the damaging radiation of those facilities is neutralized and weakened.

All of us who work on it decided it that way - and so shall it be.

### Dear friends:

The principle behind our actions is: We stopped fighting.

We are just replacing something worth less with something more worthy. We help what serves life to break through and expand life this way.

May heaven bless us with its infinite support. Never ever do we want to underestimate the power of awareness again.

Everything we focus on, will be powerful!

If all of us, who decided to join that matrix, think about being part of the Transmission Tower of New Energy in Harz more often or even say it out loud, the waves of transformation will roll across our planet even more powerful and will fill up all dimensions.

Maybe we will never know, how many co-workers are part of our transmitter, but we may be inspired by the words of an older brother of the light:

*„For where two or three are gathered together in my name, there am I in the midst of them.“*

We want to thank everyone, who takes part in this community work and tell others about it. Be blessed forever!

We'll see you... in the light.

**Light Work is the freedom  
and honor to serve the light and  
love devotedly.**

PS:

If you have questions or fondly want to get in contact with us please turn to our communication office at Seminarzentrum "Neue Erde".

We solely put our center in the service of the coming changes.

We keep you updated about events, informations or actual happenings.

If you wish to get no more of our informations, please tell us, so we can kindly take you out of our mailing list.
